

Scottsdale North Rotary Foundation is the charitable arm of the Rotary Club of Scottsdale North. Since 2009, we have been addressing challenges around the world and in our community. Annually, we encourage local groups to submit requests for financial support. Our members have raised over \$226,000 to support those in need with financial gifts ranging from a few hundred to several thousand dollars.

Through the generosity of people like you, our work has made a difference in the lives of thousands of people in our local community and around the world. With your help and the support of our community, we can continue these efforts and expand our impact.
